MENACE OF THE SQUIRREL GIRL: A FACT CHANNEL EXCLUSIVE

And I, J. Jonah Jameson, will pay a cool *five grand* to anyone with *photographic proof* of this so-called "hero" on dates with people of even *lower* caliber than Mole Man! She's got *no right*, and if you want *my* opin--

--ion? I'll give it to you. I think it's awful that whoever a particular woman chooses to date is now a matter of worldwide public speculation.

Excuse me.

Thank you, Nancy.

PFft, I'd do it even if I didn't know you.

Hey, here's a question! Why is *everyone* the worst??

If you want to know what J. Jonah Jameson's business cards say, they have his name at the top in a big Font, then "Former Publisher: Daily Bugle, Former Mayor: NYC" in an even bigger Font, then just the words "PIK PLZ™" in the biggest Font of all.

Did you see J. Jonah Jameson wants *creeper pics* of me on dates? Who *does* that?

You could make a cool five grand by staging a photo right now.

Hah hah hah! I totally should!

Then I get a job working for him as, like, a photographer, and I always get him these really great photos of Squirrel Girl and he *never wonders why*.

"Another terrific Squirrel Girl shot, Green! Don't know how you get them all to look like selfies! You're magic, Green, magic!"

Ta-da! Student loans solved forever.

How long till he starts sinking buildings I actually *care* about? Woodchuck Chick should just kiss him already! What's the big deal?

Right?!

"Woodchuck Chick"? Woodchuck Chick?? How is "Squirrel Girl" not *super easy* to remember?! It rhymes!

In certain accents, anyway!!

Woodchucks are part of the squirrel family, aren't they?

PFFT, I guarantee that dude didn't realize that. I'll tell you what: I'm gonna go Find Mole Man and put this whole thing to bed, Nancy. Like, *right now*. You wanna skip class with me?

Up top, Doreen.

TODAY'S LECTURE:
THE PHYSICS OF PUNCHES!

Offer rescinded; I forgot how physics is totally amazing.

Teaching tip: Add punching to any lecture title to make it way more interesting! "Physics 101" might sound dry, but "Physics 101, Now Featuring Punching"? Why, that's a class I wish I were taking *right now!*

At the still-in-a-pit Central Park, one totally amazing physics lecture later...

(Sorry you missed it! To simulate being there, have someone read a few pages out of a physics textbook, totally amazingly!)

Wikipedia says she can talk to squirrels. And if *that's* true, then *maybe...* some of those squirrels will talk to us??

That's some Pulitzer-Prize-winning thinking right there.

Excuse me, uh, sir? Ma'am? Er... squirrel?

Will you share your thoughts on the current Squirrel Girl controversy?
