A MAGIC LAMP!

You were imagining flying unicorns and magical lightning, weren't you?

Maybe.

But what *really* matters is that we get three wishes! That's one wish for each of us.

What are you going to wish for, Grumpy?

That you had never seen Aladdin.

Since Dog found the lamp, he should get the first wish.

Good boy!

Sooo...

What did you wish for?

DINNER!!

Good boy!!

It works!
Dog's wish
came true!

That doesn't
prove anything. It's
dinner time.

Don't be
such a skeptic!

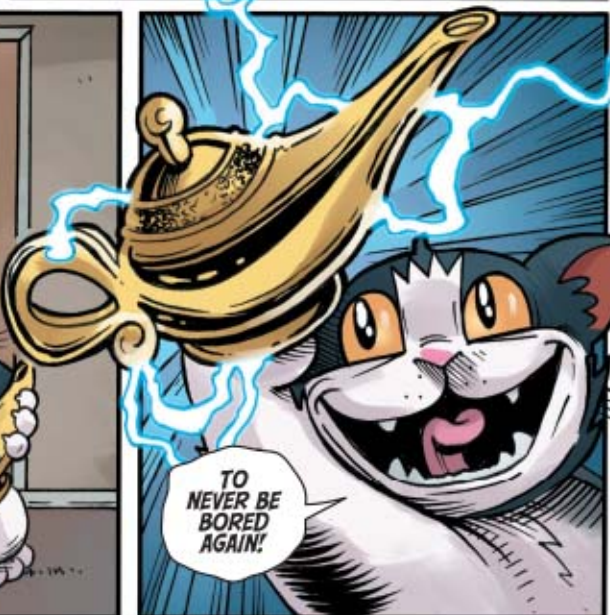

Only two
wishes left.
What should
mine
be?

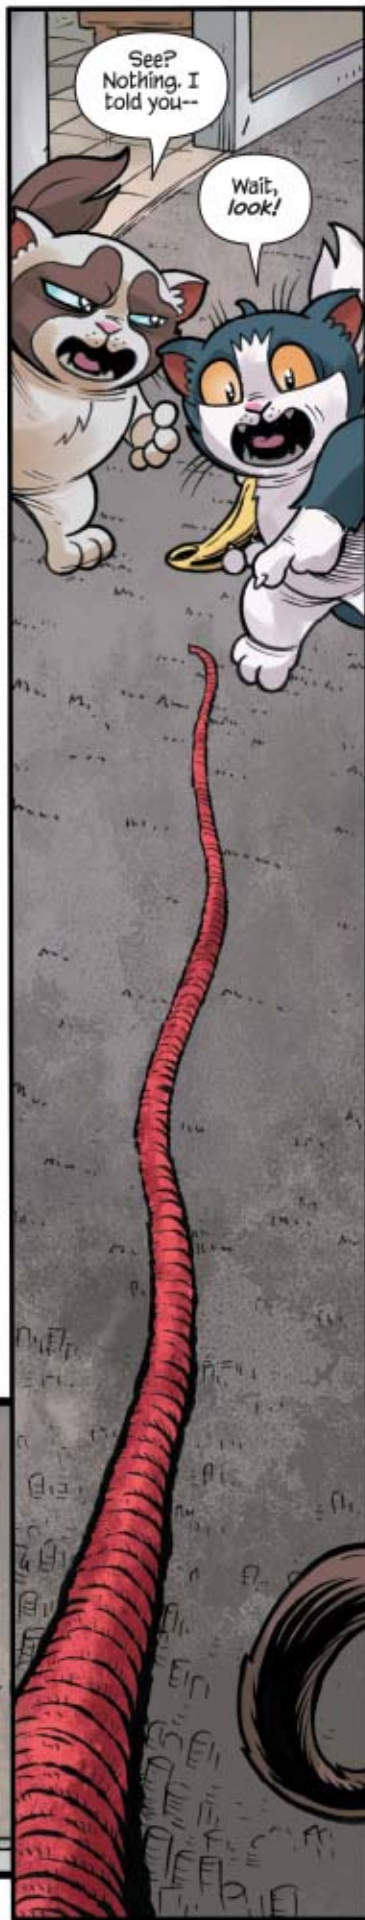

This is
boring. I'm
going back
to sleep.

That's it!
I know what
to wish for!

I wish ...

TO
NEVER BE
BORED
AGAIN!

Interesting.

So?!
What's your wish?

Nothing.
There's no such
thing as a magic
lamp.

But what
about ... ?

It's just a
knitting room.
Every house is
required to have
one now.

Really?
Who made
that rule?

Somebody
named
"Pinterest."

Fine! If you
don't want it, I'll use
the third wish for
myself.

I'll wish for
the most elusive,
mysterious thing
I can imagine!

I wish ...
