DOCTOR STRANGE

AND THE SORCERERS SUPREME

In every age, there is one person who possesses greater magical skill and power than any other being. This person is the **SORCERER SUPREME**, and they are this dimension's protector against any mystical mayhem that threatens it.

DOCTOR STRANGE

AND THE SORCERERS SUPREME

PREVIOUSLY...

Merlin, the Sorcerer Supreme of the Middle Ages, recruited Sorcerers Supreme from various eras, including Doctor Strange, to combat a powerful foe called the Forgotten. One of those sorcerers, Sir Isaac Newton, used the Word of God — forbidden magic — to defeat the Forgotten and turned on his fellow sorcerers to claim the power for himself.

The Sorcerers chased Newton to modern-day New York City, where he accidentally summoned and enslaved himself to a horrific nightmarish beast — the Author of the Word of God! Wiccan was able to call upon the full strength of the Mark of Sorrow to destroy the Author, send Nina and João back to their own time, capture Newton, and repair Mindful. However, there is always a cost of using powerful magic, and Wiccan may have just paid the ultimate price.
