

So.
 A church
 built on the
 secret graves
 of dead
 gods.
 Apt?

If you're
 right. Are you ready
 to go in?

Indeed.

Please take
 Magister Karnak
 to a vortex beam
 station.

Oh, God.

You're
 afraid of
 me.

Yes.

Fear is
 awful. But you
 can learn to
 banish it.

You should
 spend time at
 the Tower of Wisdom.
 It may help
 you.

How is that better than basic stone?

And why do all you I.D.I.C. people want stages?

You all think you're so special.

A single shadow.
