

Whoever they are, don't let them anywhere near the captain, understood?

Yes, ma'am.

GO WITH THE GUT!

There are too many people. I can't tell where the dart came from.

Just keep your eyes open, they're bound to show themselves eventually.

Wait... there!

Look out!

Ouch! Oh no.

POK!

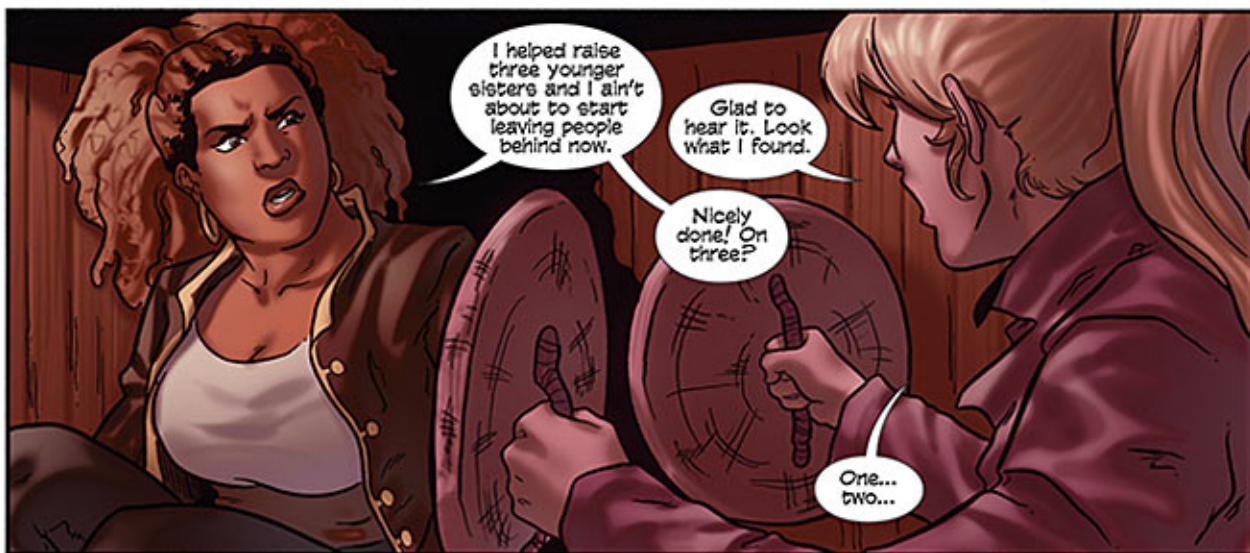

Quick, behind here!

Okay, now what?

When it was just Raven out, we could have carried her.

Now we either stand and fight or we leave them behind.

I helped raise three younger sisters and I ain't about to start leaving people behind now.

Glad to hear it. Look what I found.

Nicely done! On three?

One... two...

Three!

Okay, girls. This is what we signed up for. This is what we've been training for. Ready?

Let's give these suckers a locally sourced beatdown.

I... don't know.

Come on, Melody! It's Katie. Who's nicer to you than Katie?

Nobody.

Well, don't you want to help her?

Yeah, okay. Okay, I can do this.

To Katie!

Ah!

I give up! I give up!

That wasn't fair, and it certainly wasn't nice!

It's not cool to hurt my friends!

It makes me angry!

Gyah! Get her!
