

YEARS AGO...

Jeepers, a spooky old den like this makes a fella prone to talking to himself, like some kinda kooky nutter!

Makes a fella feel a little guilty about some unkind things he's said about nutters in the past! Makes a fella feel a little sympathy for 'em!

Makes a fella maybe want to head down to the insanity hospital and start scoopin' out apologies--

Aw, Joshua's upset because he doesn't have his hat! Here you go, big guy!

Hrhmph!

Sweet mama's multiverse! These alternate visions of reality sure don't get boring!

Sorry bout the leash, pal! There but for the grace of Glob go I!

...probably. Just have to run a **FEW** more **EXPERIMENTS** on this mysterious goop!

And hey, what's this? The boys better not be coming down here, leaving their toys!

They also shouldn't be playing with heavy faceless statues! Those make terrible toys!

This might not be the safest home in Ooo for a family...

I'm back!

Good! I don't like those freaky caves!

I don't suppose either of you boys recognize this? I found it where you should **NOT** be playing!

I didn't think you would, Jermaine. You're a very responsible and respectable baby.

And what about you, Ja--

Yipe!
