The mini-galaxy of Feudarnia—an alternate-reality home for our Duckburg and Mouseton stars—is living year three of a ruthless siege! It's a constant attack by the **Meteormaster** and his **Meteorbeasts**—giant animals made of enchanted stone called **Dragonite**. The only hope of beating these monsters is the **Beastbusters** and their **Busterbots**: feisty local bounty hunters and the flying robot boats they have built for that purpose!

Is there a way to win this fight for good? Well, Beastbuster **Mickey Mouse** was bringing the **Magnus Malleus**, a giant magic hammer, to Magicianeer Gyro Gearloose for that very reason. But the Meteormaster's minions—**Magica De Spell** and the **Beagle Boys**—got in the way! Now **Donald Duck**, former odd-job man, is filling in for Mickey... flying the hammer to safety, and **out to beat beasts** just like Mickey, too!

Mickey... hmm... **where's Mickey now?** Uh-oh...
