

SPIDER-MAN

High schooler Miles Morales was bitten by a genetically altered spider that grants him incredible arachnid-like powers. This is a secret he has shared only with his best friend Ganke and his father, Jefferson.

Concerned for his son's well-being, Jefferson approached his old employers at the intelligence agency S.H.I.E.L.D., offering to return to active duty in exchange for protection for his son. This is a secret he has shared with no one.

And now, following his training for a dangerous mission, Jefferson has disappeared.
