Jennifer Walters has always battled for justice, both as a lawyer and as the super hero She-Hulk. Jen was recently critically injured at the same time that her cousin, Bruce Banner, A.K.A. the original Hulk, was murdered. Since these incidents, Jen's Hulk persona has become scarred and corrupted by rage.

Now Jen must search for a way to become

After her Hulk persona rampaged out of control outside of a county courthouse, Jen has been getting increasingly worried about her gray alter ego. But trying to regain control of her transformation is difficult work--made all the worse by the fact that Jen has been kidnapped by the Leader and an obsessed fan he's been manipulating named Robyn.

And now the Leader's plan has come to fruition--Jen faces the Hulk-like monster that Robyn's been transformed into, with one directive: kill or be killed.
