

DEATHLOK

>>> BEFORE: Henry Hayes was a combat medic, injured in battle.

But he was given a new lease on life through prosthetics made by BIOTEK...

>>> NOW: Henry works for MEDICS WITHOUT BORDERS, going into war zones to help provide aid and relief. Or so he thinks...

Without his knowledge, Henry has been turned into DEATHLOK, a cyborg asset for a mysterious organization's deadly covert operations. Implanted false memories allow Hayes to believe he is helping people, but after the organization used their control over Henry to make him kill a S.H.I.E.L.D. agent who uncovered the truth, S.H.I.E.L.D. is in pursuit of Deathlok, and the illusion is in jeopardy.

As Henry goes about life as a single father and unwitting deadly soldier of fortune, another group seeks Deathlok as well: a splinter faction of A.I.M., using blackmail to send the mercenary DOMINO on Henry's trail.
