YOUR AIM IS FOR [REDACTED] OUT THERE, DO BETTER!

ON THE PLUS SIDE, NO MOON MEANS NO MORE WEREWOLVES.

OH, HA-HA.

WELL...

...AT LEAST NO MOON DOES MEAN NO TSUNAMIS. OCEANS ARE CALM.

AND YOU SHOULD KNOW THAT'S NOT A GOOD THING. NOT FOR SEA LIFE AND NOT FOR US.

WELCOME TO A WORLD FULL OF NOTHING BUT BAD NEWS NOW.

EVERYONE HAS FAILED. MOON WAS FIRST, WE COULD GO ANY MOMENT.

NO, I DON'T THINK SO. ONE CATAclySM IS ALL THAT'S ALLOWED. BELIEVE ME, I DON'T THINK THE DIVERS ARE OUT OF THIS YET.

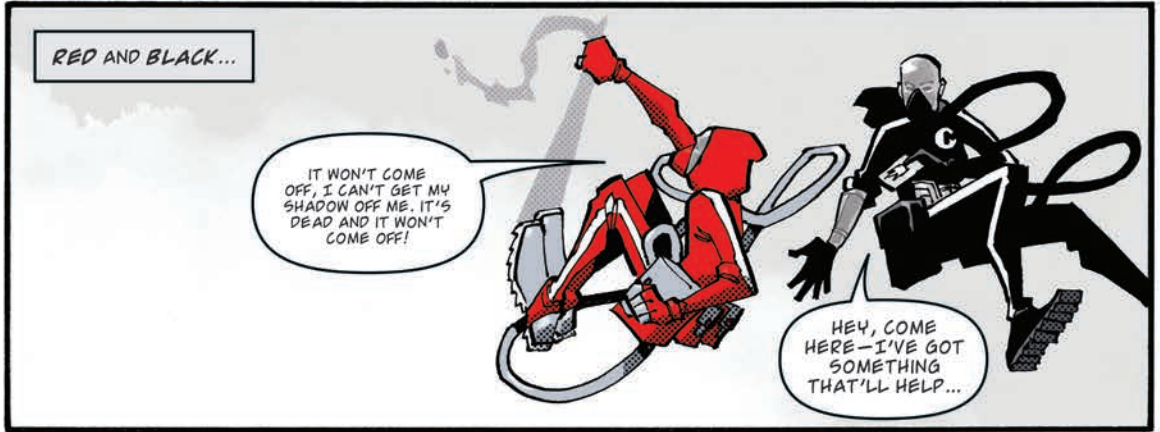

EVEN AT THEIR PRESENT SIZE, I'M BETTING THEY STILL NAME AT LEAST ONE GOOD TRICK UP THEIR SLEEVE...

DARK MATTER SCALAR PHIL.

GOTTA GIVE YOU TWO BRAIN-DEAD PILES OF ROCKS A HAND HERE. WELL, TWO. TWO HANDS. AND MY ARMS, EVEN.

BUT HERE'S THE THING—ALLOWING FOR THE FACT THAT GRAVITY CAN FLOW OUT OF OUR UNIVERSE AND INTO ANOTHER, WELL...

RED AND BLACK...

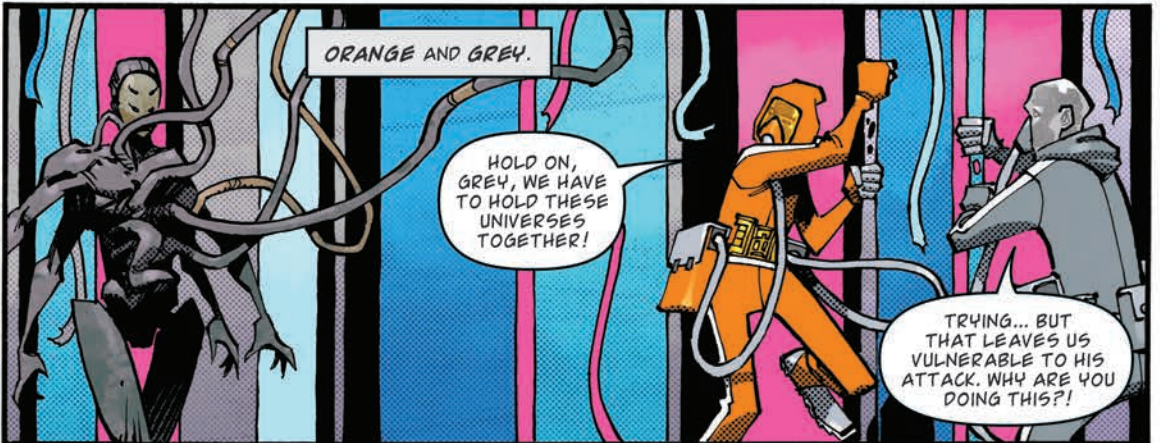

IT WON'T COME OFF, I CAN'T GET MY SHADOW OFF ME. IT'S DEAD AND IT WON'T COME OFF!

HEY, COME HERE—I'VE GOT SOMETHING THAT'LL HELP...

BLUE AND PURPLE.

EASY, BIG BOY, EEEEEASSSSSSSS...

ORANGE AND GREY.

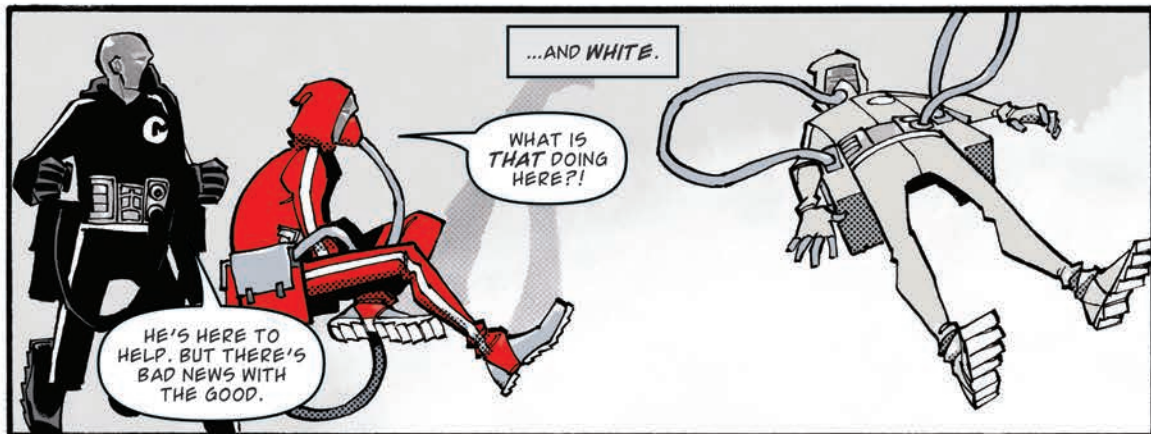

HOLD ON, GREY, WE HAVE TO HOLD THESE UNIVERSES TOGETHER!

TRYING... BUT THAT LEAVES US VULNERABLE TO HIS ATTACK. WHY ARE YOU DOING THIS?!

...THEN EVEN WITHOUT ARMS, I CAN USE GRAVITY TO FLOW YOU RIGHT THE FUCK OUT OF THIS UNIVERSE AND INTO ANOTHER. LET THEM DEAL WITH IT.

BYE-BYE, ROCK-SUCKER.

...AND WHITE.

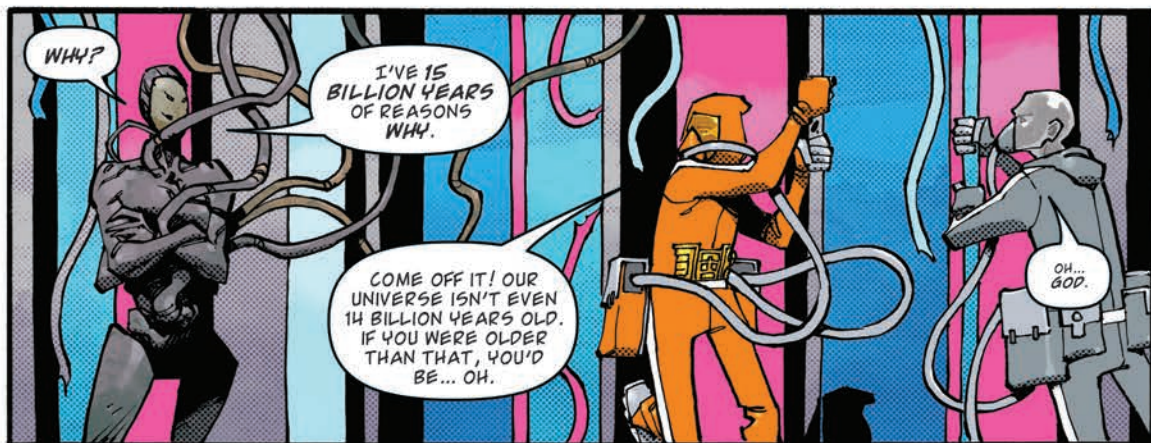

WHAT IS THAT DOING HERE?!

HE'S HERE TO HELP. BUT THERE'S BAD NEWS WITH THE GOOD.

HAHA, HE'S... LICKING US?!

SO... MUCH... SLOBBER!

WHY?

I'VE 15 BILLION YEARS OF REASONS WHY.

COME OFF IT! OUR UNIVERSE ISN'T EVEN 14 BILLION YEARS OLD. IF YOU WERE OLDER THAN THAT, YOU'D BE... OH.

OH... GOD.
