

MOON GIRL AND DEVIL DINOSAUR

LUNELLA LAFAYETTE doesn't really get other kids her age. And they don't get her either. They call her **MOON GIRL** and laugh at her inventions. It doesn't matter anyway – Lunella's just biding her time until she can get into a **REAL** school for genius kids like her. Who needs friends when you have gizmos to build and books to read?

One night, Lunella found a device called the **OMNI-WAVE PROJECTOR**. So cool! She's been looking for something like this for a long time. If only she could just take it back to her lab and study it...

But during gym class, the projector was activated! It created a **TIME PORTAL**. And through the portal came a bunch of cavemen called the **KILLER FOLK!** They want Lunella's projector. Even **WORSE:** chasing after the **KILLER FOLK** was a **BIG, RED DINOSAUR!**
