

# SPIDER-MAN

High schooler Miles Morales was bitten by a genetically altered spider that grants him incredible arachnid-like powers. This is a secret he has shared only with his best friend Ganke and his father, Jefferson.

Concerned for his son's well-being, Jefferson approached his former commanding officers at the paramilitary intelligence agency S.H.I.E.L.D. and offered to return to active duty in exchange for their protection of his son, legal or otherwise. This is a secret he has shared with no one.

Meanwhile, the Black Cat, New York's Kingpin of crime, has put a bounty on the young Spider-Man's head as she attempts to build a criminal enterprise unlike anything anyone has seen before.
