

# SPIDER-MAN

High schooler Miles Morales was bitten by a stolen, genetically altered spider, which granted him incredible arachnid-like powers. He's kept this a secret from nearly everyone—with the exception of his friends Ganke, Fabio, and Lana (aspiring hero, formerly part of the mother-daughter crime duo the Bombshells). That was fine, until Fabio fell for Lana while she fell for Miles.

While Miles' life is getting messy, Spider-Man's isn't any neater. After some heart-to-hearts with Ganke, Miles is rethinking his hero identity. But he won't have much time for contemplation. Six thieves, including Lana's mother, are planning to steal a S.H.I.E.L.D. Helicarrier. Their leader? The new Iron Spider, who no one knows is Miles' uncle, Aaron Davis.
