

PRIPYAT,
3 K.M. OUTSIDE
CHERNOBYL.

In 1986 Chernobyl
turned a thriving city
into a ghost town.

But some
wouldn't go.

They would rather
die in their homes
than leave them.

And against
the odds, they
survived.

OH.

SHIT.

KABOOM!

Once, Chernobyl
brought death to
Pripyat.

Now I have.

A secret group of zealots called TRINITY are hunting for Alex's sister Kaz.

I seem to have gotten in their WAY.

One of THESE
will do nicely.

BUDDA BUDDA BUDDA

IT'S A DAMN BEAR!

GET HER!

Glad I took gymnastics instead of hockey at school.

AND archery.

AND rifle club.

That's one thing the British public school system teaches you.
