

THE FURY.

A cybiote assassin.
Not a Secret Avenger,
but who knows? There
might be openings soon.

Use your
power, Jessica.
What is it saying? I can
decipher the *WORDS*,
but I am missing
the *MEANING*.

Last time
we tried this, I
told Hill it was crying.
She responded by asking
me if tears have
any value.

I suspect
she didn't
think so.

Everything has value.
Loss, tears, disappearance--
gain, laughter, emergence.
Everything. Nothing.
Everything is made of
the FLOW. And the *FLOW*
returns that which it
takes away.

I have
come to realize
most beings *Feel*
sadness and fear because
they *Feel* that something
of theirs has been
taken away from
them.

But
eventually,
the universal
scales are
balanced.

IT'S NOT AFRAID.

IT FEELS LIKE...

I THINK IT'S SINGING A SONG.

IT'S... YEARNING FOR SOMETHING? IT... MISSES SOMETHING? THAT WOULD MAKE SENSE. IT SOUNDS SAD AND ALONE AND IT WANTS WHAT IT LOST TO COME BACK TO IT, BE REUNITED, I'M NOT SURE...

I JUST GOT GOOSEBUMPS. DO YOU KNOW WHAT GOOSEBUMPS ARE, VLAD?

Oh, yes. I have studied the phenomenon.

I have also finished deciphering the language, I suspect.

WHAT IS IT SAYING?

It's repeating a phrase, a phrase very similar to something I heard recently...

"The Great Culling is here."
