LATER AT THE COMMANDANT'S HOUSE

MAYBE I'LL GET A JOB IN THE PRIVATE SECTOR.

So I guess that's it.

We'll never know if we made the right choice.

that's not what's worrying me.

i can't stop thinking about that fracture in the portal and what that means for this new timeline.

"new timeline"

What happened to the old one?

there is no old one.

time is like a tree that is constantly creating new branches that existed simultaneously, created every time there's a collapsing wave function in hilbert space.

an infinite number of branches expanding into infinite space on an infinite number of trees...

How big are the roots?

Marshy, hush.

hmm? eh...the roots are also infinite.

er...uh... not necessarily.

But if the tree and roots are both infinite, wouldn't that mean they're the same size?

HEY KIDS! START HERE!

It's empty.

Do you feel our energies
Pep Butt?

hmm, not really, no.

but these special glasses will help.
they can show me faint images from the
past few minutes of any nearby timelines.

You were right gumdrop lass!
there's pb and the commandant
celebrating him not being fired!

Like a house of cards!

and there's
us! looking
through the
window!

and now we're running away, presumably to find the energies of us in this timeline!

So right now the other us's are at the commandant's realizing that we're here!

we should meet at the halfway point between here and there!

GOOD JOB! TURN THE PAGE!
