

VALKYRIE
SUPERCARRIER

NOW

NISHA, IT'S FINE. IT'S MANAGEABLE. THIRTY MINUTES OF CONDITIONING EACH MORNING HELPS.

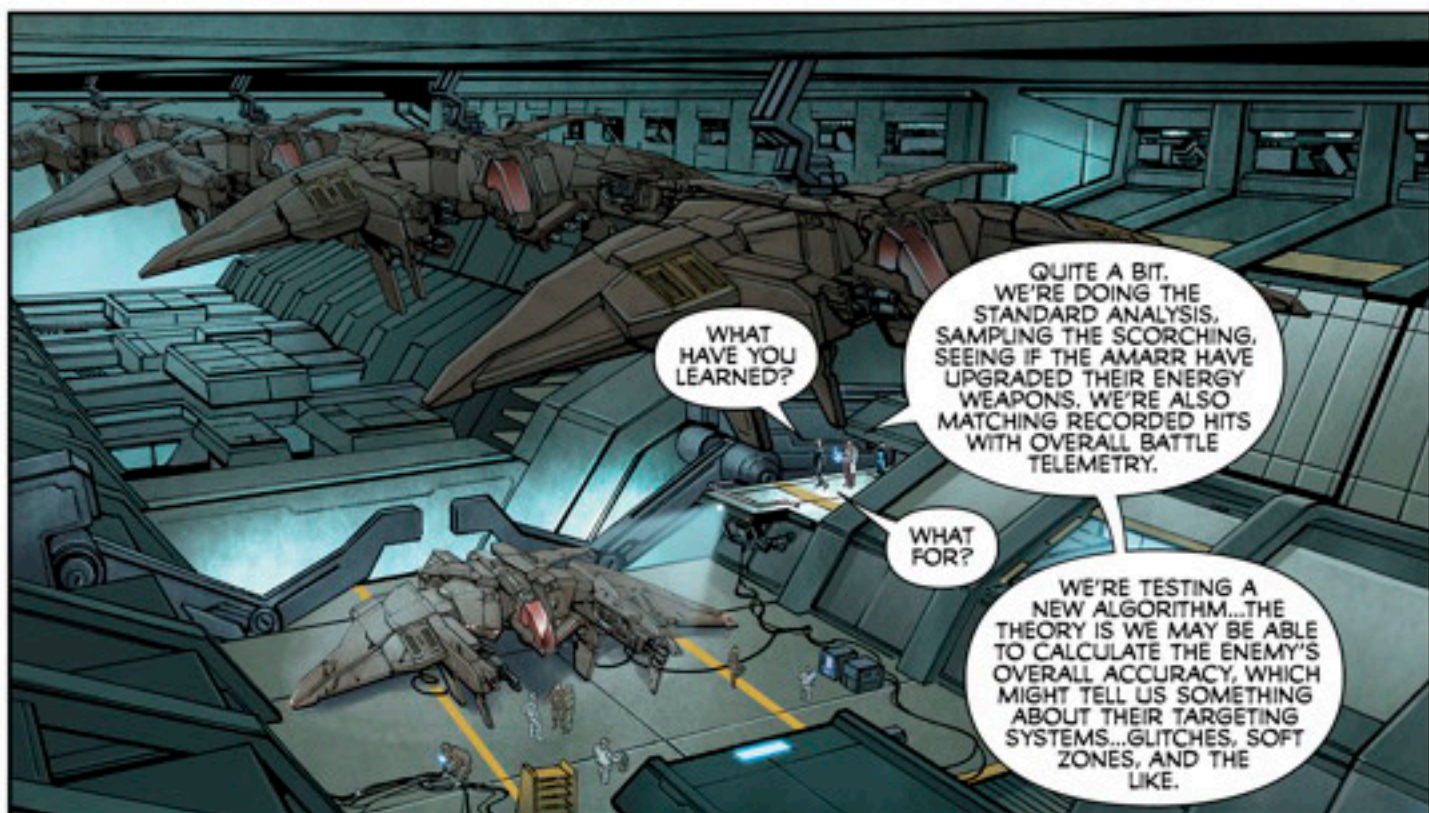

WELL, PART OF THE REALITY OF REBIRTH IS THAT EACH TIME YOU GO THROUGH IT, THERE IS SOME DEGRADATION. LIKE AN ANALOG REPRODUCTION.

I'M GOING TO PUT A NOTE IN TO THE CLONE TECH. SEE WHAT CAN BE DONE. BUT I ADVISE YOU TO TAKE IT EASY. DON'T TREAT REBIRTH AS A SAFETY NET. IT'S THERE FOR THE WORST-CASE SCENARIO...

...BUT THAT'S ALL IT SHOULD BE.

NOTED.

WHAT HAVE YOU LEARNED?

QUITE A BIT. WE'RE DOING THE STANDARD ANALYSIS, SAMPLING THE SCORCHING, SEEING IF THE AMARR HAVE UPGRADED THEIR ENERGY WEAPONS. WE'RE ALSO MATCHING RECORDED HITS WITH OVERALL BATTLE TELEMTRY.

WHAT FOR?

WE'RE TESTING A NEW ALGORITHM...THE THEORY IS WE MAY BE ABLE TO CALCULATE THE ENEMY'S OVERALL ACCURACY, WHICH MIGHT TELL US SOMETHING ABOUT THEIR TARGETING SYSTEMS...GLITCHES, SOFT ZONES, AND THE LIKE.

THE PILOT?

SHOULD BE AWAKE BY TOMORROW.

CAN YOU LOAD THE TELEMTRY INTO A SIMULATOR? I'D LIKE TO REVIEW.

HERE IT COMES AGAIN. DEATH.

BLACK.

INEVITABLE.

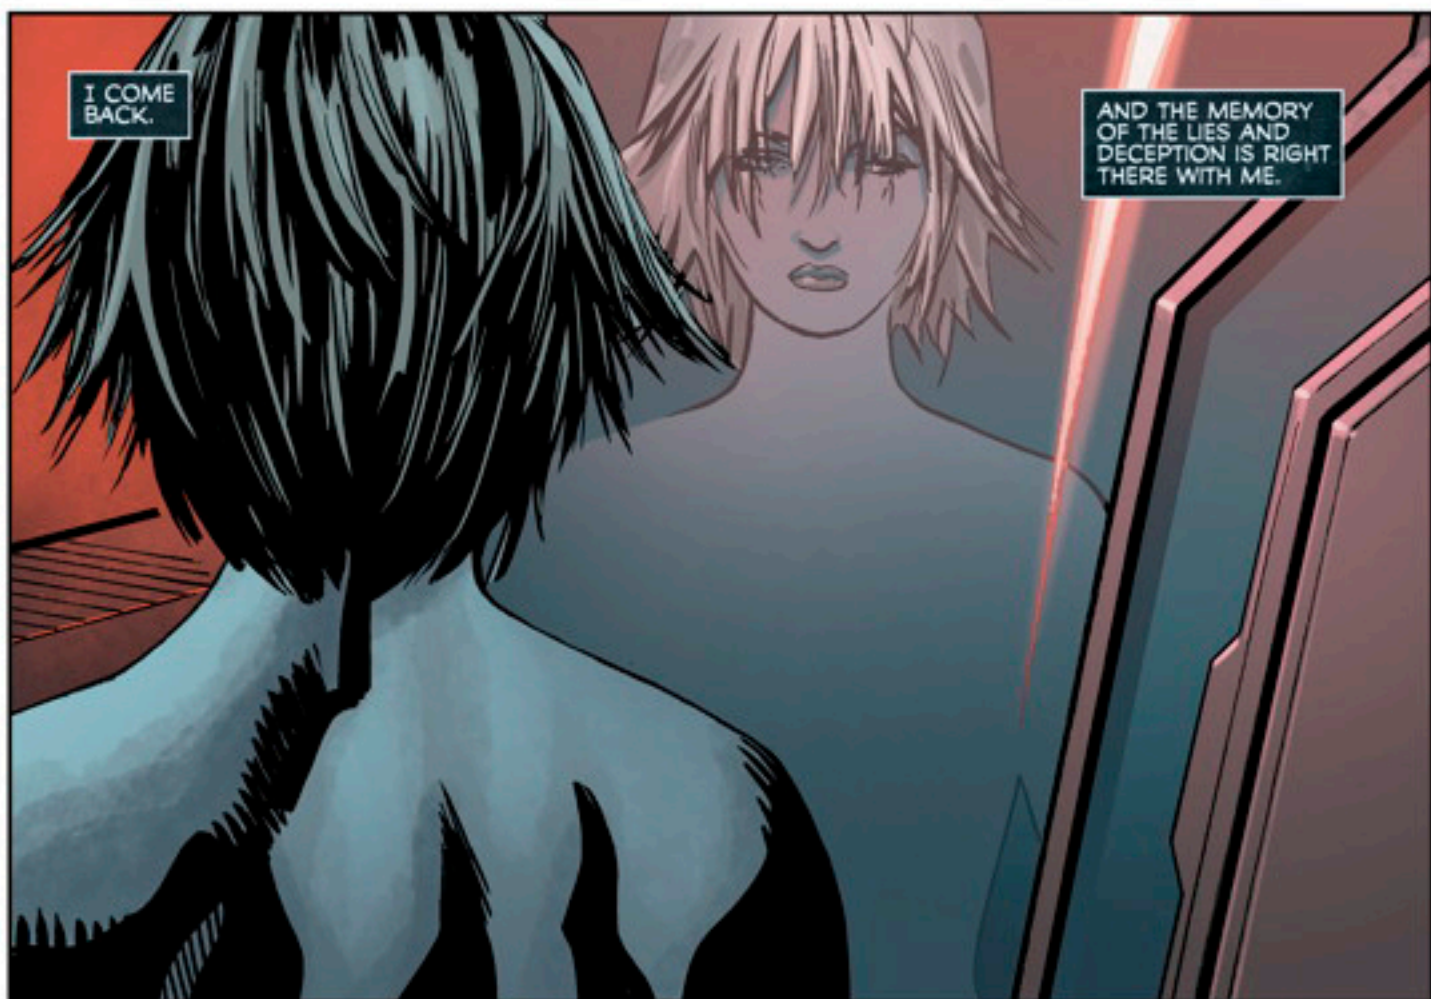

THE WORLD
RE-FORMS.

DATA MEMORY
BECOMES FLESH
AND BONE.

I COME
BACK.

AND THE MEMORY
OF THE LIES AND
DECEPTION IS RIGHT
THERE WITH ME.
