

He just collapsed, you know? Right in front of me, he was fine one minute, then the next...

SUNGAZING GATHERING • 1ST AVENUE • LEVEL 50 • 1501 SST

There are no obvious injuries. Did he suffocate in the crowd?

No, everybody was all over by the loops. We were just here watching the sun, you know?

So you were here together? You know him?

Oh, no! No, I mean, I was just stood behind him. Never met him before.

Poor guy.

And what's your name?

Uh... uh, Tom.

Tom Jones.

Seem a little uncertain there, Mr...?

Jones. I just told you.

All right, then.

Excuse me, Sergeant.

Wait there, Mr Jones.

What you got, Wylie?

Vic's ID, confirmed from his print scan.

Thomas Eli Roberts, financial broker, lives right here on 50. Married, no kids.

All right. Dump everything in the file.

Now, Mr Jones, did --

Where the hell'd he go? Mariene?

I was photographing the body.

Well, if I wasn't sure he fed us a pack of lies before, I am now. Strike one witness-slash-suspect.

Perhaps not.

I took more than just pictures of the victim.

ST JOSEPH HOSPITAL • SHEPARD € 1ST • LEVEL ZERO • 1530 SST

Please, at least let us treat the wounded! This is a hospital, for God's sake!

Ufff!

Indeed it is.

And yet, people die in here every day, do they not? So be quiet.

Hehe... got no [redacted] clue... the juice you're dealing with, boy! I got Friends... in the PD!

IF Klem Ristovych... knows I'm in here... she'll kick your [redacted]!

Very well. Let us see how much 'juice' you have.

OFFICE OF THE MEDICAL EXAMINER • HAGENS € 1ST • LEVEL 2 • 1555 SST

Busy day, Abdul?

Amncht

Enough that you'll have to remind me who you're here for.

Roberts. The Sungazer.

Oh, yes, the man you suspected might have been suffocated in the crowd.

So was he?

Ah, Dietrich. Ever the optimist.

Thomas Roberts had a small amount of Gamathylol, an intense heart medication, in his system. But he had no prescription for it, and as far as I can tell, no need for one.

A small amount... but perhaps enough to overdose?

I don't think so. To be honest, I'm not overly familiar with the drug. But Roberts definitely didn't suffocate, and this was the only unusual thing in his system.

A weird drug he didn't need, and had no prescription for.

Anyone else think that sounds like poison?
