

I SAID...

LUNELLA LAFAYETTE!

Busted.

THIS DOESN'T LOOK LIKE A REGULATION DODGEBALL!

**HEE! HEE HA! HA! HA!
HEE HA! HEE HEE!
HA! HEE HEE!**

Doesn't look like it's Sentry-based. And it doesn't look like any kind of accelerator. Definitely not a Nega-Band--that would have been cool...

I'm thinking *Omni-Wave Projector*. But it's hard to find good reference on Google.

Wait...

LISTEN UP, CLASS. LUNELLA THINKS SHE DOESN'T HAVE TO PLAY THE GAME WITH THE REST OF US...

TEE HEE TEE HEE TEE HEE

What's Coach Hrbek doing? He's gonna break it!

GIVE IT BACK!
