Welcome to a new world—the parallel Disney world of Feudarnia! Part pirates' cove, part space station, and part steampunk battlefield, it might exist in the past... or the future! But either way, it's an amazing home for our **Duckburg and Mouseton** stars—full of magic, malice, and a front-and-center spot for one unlucky Duck!

Come on in and explore...

The townships! Feudarnia is a miniature galaxy as the ancient Vikings might have dreamed it; so instead of full-size planets, it's got floating islands, each ruled by an elder Disney statesman. Scrooge McDuck is Burgomaster of *Duckburgh*, while his two rival tycoons—stingy Flintheart Glomgold and spendthrift John D. Rockerduck—run *Greedburgh* and *Rockburgh*. And Feudarnia lawman Chief O'Hara runs *Mouseburgh*, because our ol' pal Mickey is here too... usually when Donald Duck wants to see him least!

But why *doesn't* Donald want to see Mickey? They're not rivals in managing band concerts or orphans' benefits this time. Instead our boys are competing to put down...

A monster invasion! "Great howlin' crashwagons," as Scrooge always says—the *Meteorbeasts are coming!* They've made daily life in Feudarnia into a war. And it'll take *real* howling crashwagons... or Busterbots, as we call them, to bust these beasts and send them packing! The Bots' riders, or *Beastbusters*, have become such local heroes that there's even a card game based around them.

But how's that gonna work? Eyes right, and let the adventure begin...
