

LILA PALOOZA

A CELEBRATION OF MUTANTS & MUSIC

Previously in X-Men '92...

After a journey to the far side of the galaxy and an encounter with mutant Brood, the X-Men have returned to Earth to find themselves in the middle of a conflict between X-Factor and Adam X's band of X-Tremists.

Meanwhile, across the world, the immortal Apocalypse has revealed himself to be the power behind the X-Game. With his Upstarts defeated at the hands of Cassandra Nova and Joseph, a young clone of Magneto, Apocalypse tells Joseph of a much larger threat looming over the entire planet: Xodus, the Forgotten.
