Any idea why Krakoa is headed toward the other island?

None. We should, but the only person in the universe who can talk to Krakoa is a couple of galaxies away.

Hey! So, I brought about a couple hundred rounds for my pistol. Standard issue.

A couple thousand for the rifle I got from Raza--which is a lovely bit of business--along with the thermal grenades I'm packing...

...which sounds like it should be fine...but now I'm wondering if I should have brought anything else.

Yeah... okay...

I

brought a

gun.
